Subject: REGARDING DUKE ENERGY ADJUSTMENT REQUEST

THE VALUE OF MY PROPERTY TAX INCREASED FOR 2010 THE SPECIAL NOTE ON NOTICE SAID MARKET GOING DOWN HAD NO REFLECTION OF TAX VALUE, HERE IN GREENVILLE TAX OFFICE SAID COLUMBIA REQUIRED INCREASE, MY MARKET VALUE DROPPED. DUKE HAS RECEIVED MANY INCREASES IN PAST YEARS. I KEEP USING LESS AND PAYING MORE YEAR AFTER YEAR.

I ASK, IS THERE A POINT THAT WE CAN NO LONGER GET ANY BLOOD FROM THE TURNIP WHEN ITS ABOUT DEHYDRATED.

SORRY TO BOTHER BUT THERE MUST BE A POINT OF NO RETURN FOR CONSUMERS ALSO. SINCE THE 60'S-90'S I HAVE SAW A REAL CHANGE IN THE CARE AND CONCERN FOR RESIDENTIAL CONSUMERS. LOOK AT GA POWER COMPANY THEY HAVE LOTS OF PROGRAM TO HELP RESIDENTS SAVE NOT THE CASE IN SC.

ANOTHER THING I WONDER ABOUT WHAT PERCENT OF THE NUCLEAR POWER IS CONSUMED IN UPSTATE VS OTHER FUELS, OR WE GETTING THE CHEAPER AND THEY SELL MORE EXPENSIVE OUT OF STATE. IF NOT WHY NOT?
